

Conference Chair

EUROTECH

OVERVIEW

Made from durable polymer and woven mesh, the Branch Conference Chair is a comfortable and stylish perch whether you're hosting a quick team sync or posted up for the board meeting.

A recessed lever allows intuitive height adjustment, while the curvature of the seat matches the natural arch of the body to reduce pressure on the back and knees. With a center tilt and sleek looks, the Conference Chair pairs with our Conference Table to create the perfect environment for sustained collaboration.
