Nested Coffee Table

OVERVIEW

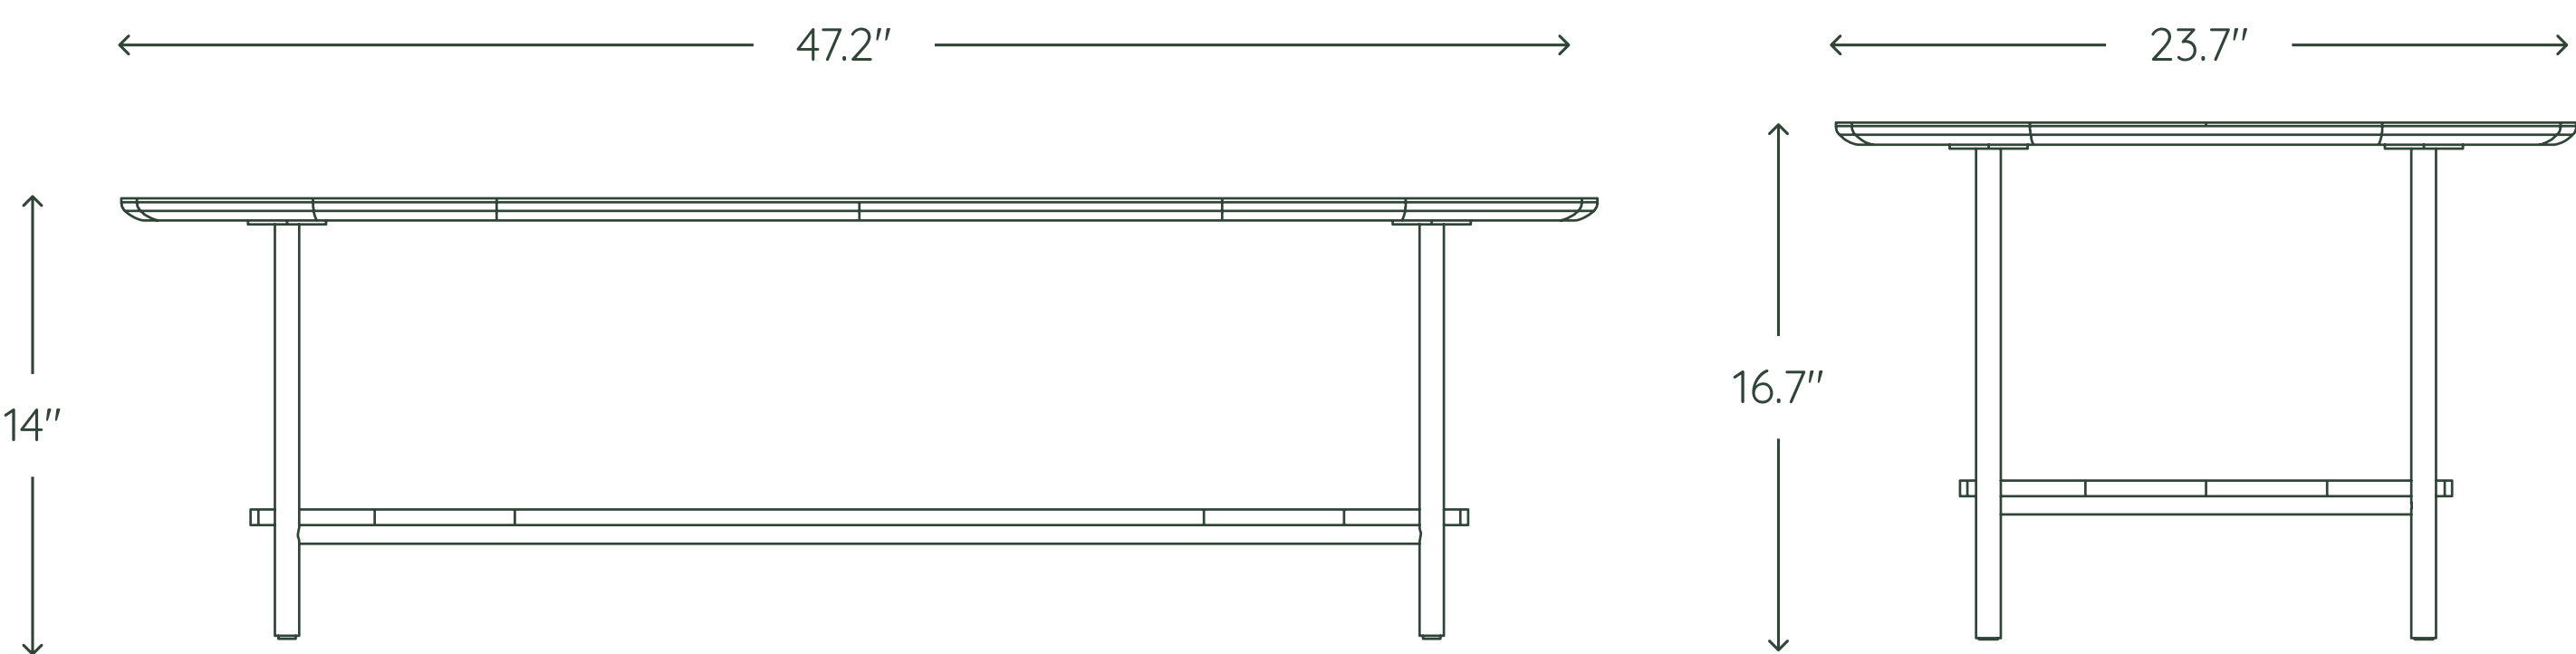

Styled together, the Nested Coffee Tables give a layered look to any lounge space or living room. Individually, use the medium coffee table to anchor a corner or small seating area, and the larger one to complement an expansive lounge area.

A sturdy steel base supports up to 50lbs while glides make them easy to move and arrange in any configuration. Tested to contract-grade standards for strength, the Nested Coffee Tables fit in an office lounge, a break room, or a living room.
