

Personal Table

OVERVIEW

A couch cushion, a nightstand, the arm of a chair: these spaces weren't built to hold a laptop and a cup of coffee. We created the Personal Table to turn any corner of the house or office into a productive work nook.

Pneumatic assist adjusts the top between 21" and 28.7", so it settles at exactly the height you need, while a steel base holds that position through a focused work session.

Available in three signature two-tone finishes to match any aesthetic.

MATERIALS

Melamine top surface with MDF core, powdercoated steel base.

RETURN POLICY
