

Nested Table

Assembly Guide

Branch

The new way of working you've been waiting for.

Scan here for a digital copy
of your assembly guide.

Caution

- Make sure to read the guide completely before assembly.
- Check that all components are present before you start the assembly process.
- Use extra caution when assembling and have someone assist you.
- Do not change the specifications, modify this product, or use for any other purpose beyond its intended use as an occasional table.
- Do not sit or stand on the table. Do not crawl or lie under the table.
- Every six months, please make sure all bolts and screws are securely tightened to ensure stability.
- If any parts are missing, broken, damaged, or worn, stop use of the product until Branch authorized replacement parts are recieved
- Keep this manual for future reference.

Components

Included Hardware

Leveling Glide (x4)

*pre-installed

*

M6 x 20mm Screw (x5)

M6 x 12mm Screw (x8)

Allen Key (x1)

1

Place the **Table Top** (x1) upside down on a clean, flat surface. Align holes on the **Upper Leg** (x1) and **Lower Leg** (x1) with the threaded holes in the **Table Top**. Insert the **M6x12mm Screws** (x8), double checking to ensure the correct length (the shorter of the screws in your hardware pack), and tighten securely using the **Allen Key** (x1).

2

Large Coffee Table

Small Coffee Table / Side Table

With the **Shelf** (x1) upside down, angle the **Shelf** to slide it between the installed **Legs**, aligning the center hole on the **Legs** with the center threaded hole in the **Shelf**. Insert the **M6x20mm Screws** (x5) through the aligned holes to connect the **Legs** to the **Shelf**, securing tightly using the **Allen Key** (x1).

3

Large Coffee Table

Small Coffee Table / Side Table

With help from a friend, carefully flip the table upright. If needed, adjust the **Leveling Glides** (x4) by turning clockwise and counterclockwise to ensure proper leveling.

User Guide

Nesting Tables:

Pick up the tables to move

To nest tables:

The different sizes of the Nested Tables can be placed and organized closely together if desired as the surfaces overlap at different heights.

All Done!

Go ahead, try it out. You may experience what we call an “ahhh” sensation. That’s completely normal. You’re now well equipped for whatever the workday throws at you.

Now, don’t be shy. Show us how it looks!

FAQ & Troubleshooting

Issue**Answer**

My table is slightly wobbling side to side after assembly

Tighten all bolts as much as possible to eliminate any wobble, and check that they remain tight every six months. For uneven floors, adjust the Leveling Glides.

How can I keep the table surface clean?

Wipe with a dry microfiber cloth or duster. For more stubborn grime, use a solution of mild dish soap and warm water, applying it with a damp cloth and wiping dry with a clean cloth. Avoid using abrasive cleaners or harsh chemicals, as they can damage the finish
